

Marketing Research

MKT 362

By:

Dr. *N*ada *M*egahed

Assistant Professor
College of Business Administration

University of Bahrain

2023 - 2024

Course Objective

The main objective is to equip students with the key concepts and methods of marketing research, and allow student to understand how to apply those tools to solve real-life business problems.

- Understand the nature and scope of marketing research, and how to implement successful marketing programs.
- Understand the technical aspects of marketing research (both qualitative and quantitative methods).
- Apply acquired knowledge and learned skills through solving a real business problem using various mini-cases.

What is Research?

What is Research?

- ➡ Physician ... Patient... What is the Process ...
 - ➡ Signs ... Symptoms ... Problem ...
 - ➡ Preliminary Investigation ... Thinking ...
- ➡ Doubt ... Hypothesis ... or Fact ... Need more Data
- ➡ X-Ray ... MRI ... ECG ... EEG ... Blood Picture...
- ➡ Back to Physician ... Processing ... Analysis ...
- ➡ Medical Decision ... Treatment ... Prescription ...
- ➡ Journey ... Start by doubt ... and from the Unknown
 - ➡ What we see is not what we research ...
 - ➡ Invisible ... Visible (Hidden ... Observable)
 - ➡ It never ends ... but we have to stop ..

Definition of Research

Research = Re+Search

Research is the **systematic, critical, purposeful, and original** inquiry or investigation into a specific problem, undertaken with the purpose of finding answers or solutions to it, OR obtaining and confirming new and reliable knowledge.

- **Systematic** (following a series of steps)
- **Critical** (purpose is new reliable knowledge)
- **Purposeful** (done to fulfill a purpose, not accidental discovery)
- **Original** (not searching published research results on internet)

Chapter 1: Introduction to Marketing Research

What does Marketing Research Encompass?

Emphasis in Marketing is on identification & Satisfaction of customer needs.

To identify customer needs, and to implement marketing strategies & programs aimed at satisfying those needs, marketing managers need information.

They need Marketing Research to provide information about customers, competitors, and other market forces.

Definition of Marketing Research

MR is the **systematic and objective identification, collection, analysis, and dissemination** of information for the purpose of improving decision making related to the market problems (and/or opportunities).

- ✓ Systematic; thus planning is required at all the stages of the MR process.
- ✓ Objective; thus it provides accurate information that reflects a true situation.
- ✓ Identification, collection, analysis, and dissemination of Information.

Nature of Marketing Research

- MR plays a crucial role in designing and implementing successful marketing programs.
- MR is being used by a wide range of organizations, and for a wide range of purposes:
 - Small, Medium and Large Businesses
 - Manufacturing Companies → Chrysler
 - Technology Companies → IBM, HP, Apple
 - Policy Makers → President Trump
 - Professional Services → Lawyers, Consultants
 - Non-Profit Organizations → British Council
